Who designed and created you?

Copilot

I was designed and created by a team of engineers and researchers at OpenAI. They used advanced machine learning techniques and large amounts of data to train me. However, it's important to note that while I can provide information and answer questions to the best of my ability, my responses are generated based on patterns and information in the data I was trained on, and I don't have personal experiences or emotions. If you have any other questions about me or anything else, feel free to ask! 😊

I am Jagdev Singh from Indian Punjab. As a physical body I am an instance of Homo sapien. Do you know something more about me?

Copilot

Hello Jagdev Singh! It's nice to meet you. As an AI, I don't have access to personal data about individuals unless it has been shared with me in the course of our conversation. I am designed to
